DECORATIVE PANEL & WALL PANEL

DECORATIVE LINE BOARD

SPC FLOOR & WPC FLOOR

SOFT PORCELAIN VENEER & ARTISTIC BACKGROUND

BAMBOO CRYSTAL WALL PANEL >

BAMBOO CRYSTAL WALL PANEL

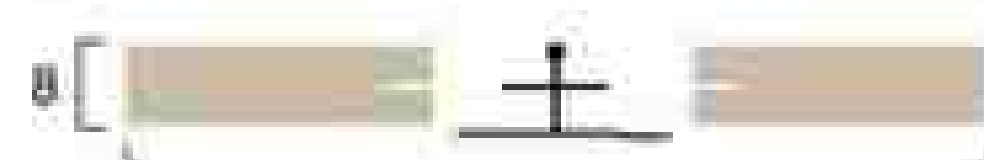

01	Protective film	Protection against wear during transport and installation
02	Dirt-resistant layer	Water-based decorative surface; Stain-resistant surface layer
03	Decorative layer	Moisture-proof, eco-friendly, high-definition decorative film middle layer (over a hundred patterns to choose from)
04	Impact layer	Moisture-proof, eco-friendly, high-definition decorative film middle layer, over patterns
Bamboo charcoal layer		Bamboo fiber base layer 5mm 8mm

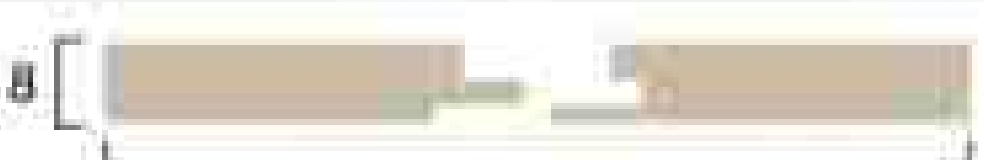

1220

1220

1220

1220

Width : 1220 mm

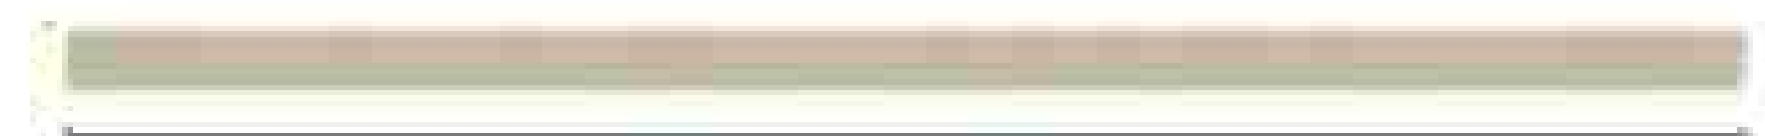

Length : 2440/2600/2800/3000/6000 mm
(Large quantity can be customized in length)

Burning behavior : B1

Environmental protection grade : E0

Performance advantage : waterproof; folding bending shaping; crashproof; flame retardant

5/8 mm

1220mm

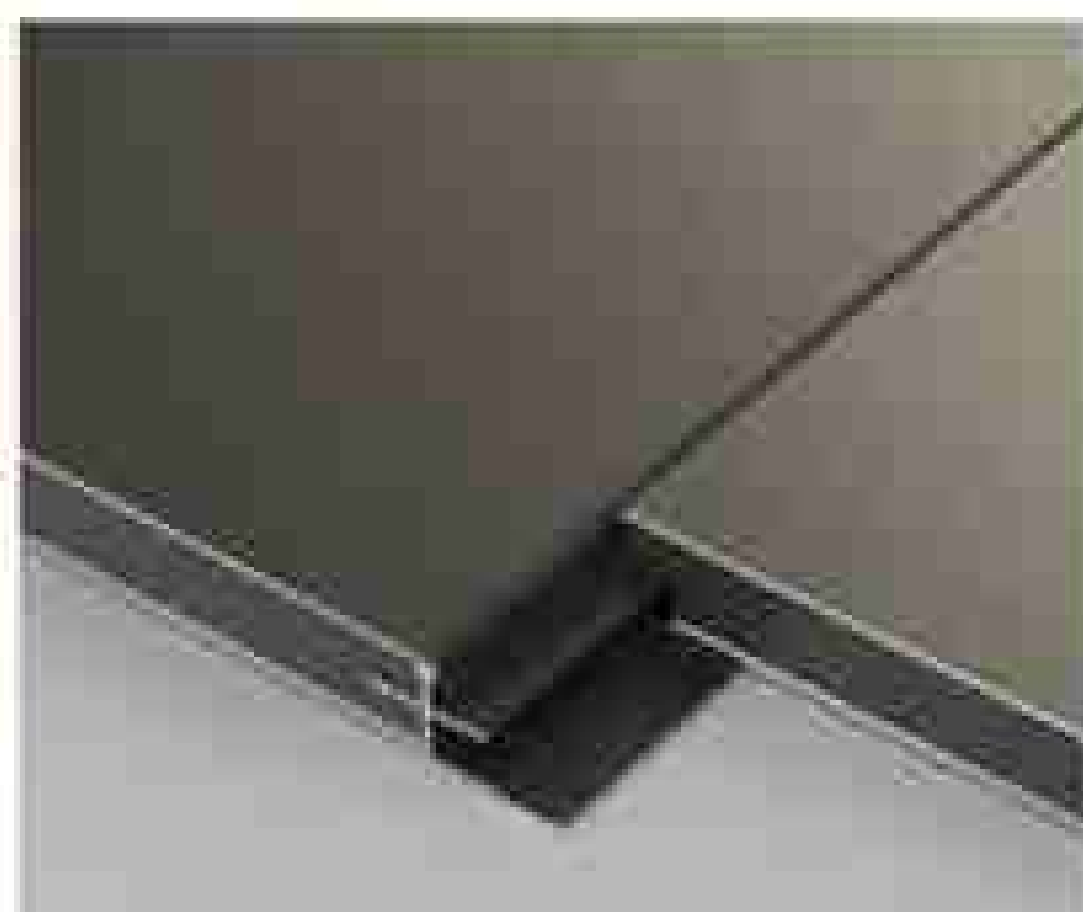

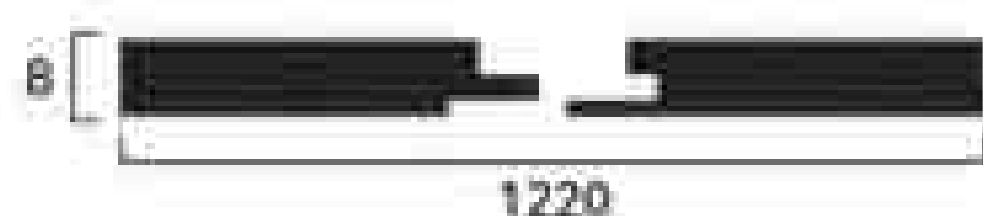

CARBON CRYSTAL BOARD >

CARBON CRYSTAL BOARD

01	Protective film	Protection against wear during transport and installation
02	Dirt-resistant layer	Water-based decorative surface; Stain-resistant surface layer
03	Decorative layer	Moisture-proof, eco-friendly, high-definition decorative film middle layer (over a hundred patterns to choose from)
04	Coextrusion layer	High-intensity crystal co-extrusion layer 1mm
05	Bamboo charcoal layer	Bamboo fiber base layer 5mm 8mm

Width : 1220 mm

Length : 2440/2600/2800/3000/6000 mm
(Large quantity can be customized in length)

Burning behavior : B1

Environmental protection grade : E0

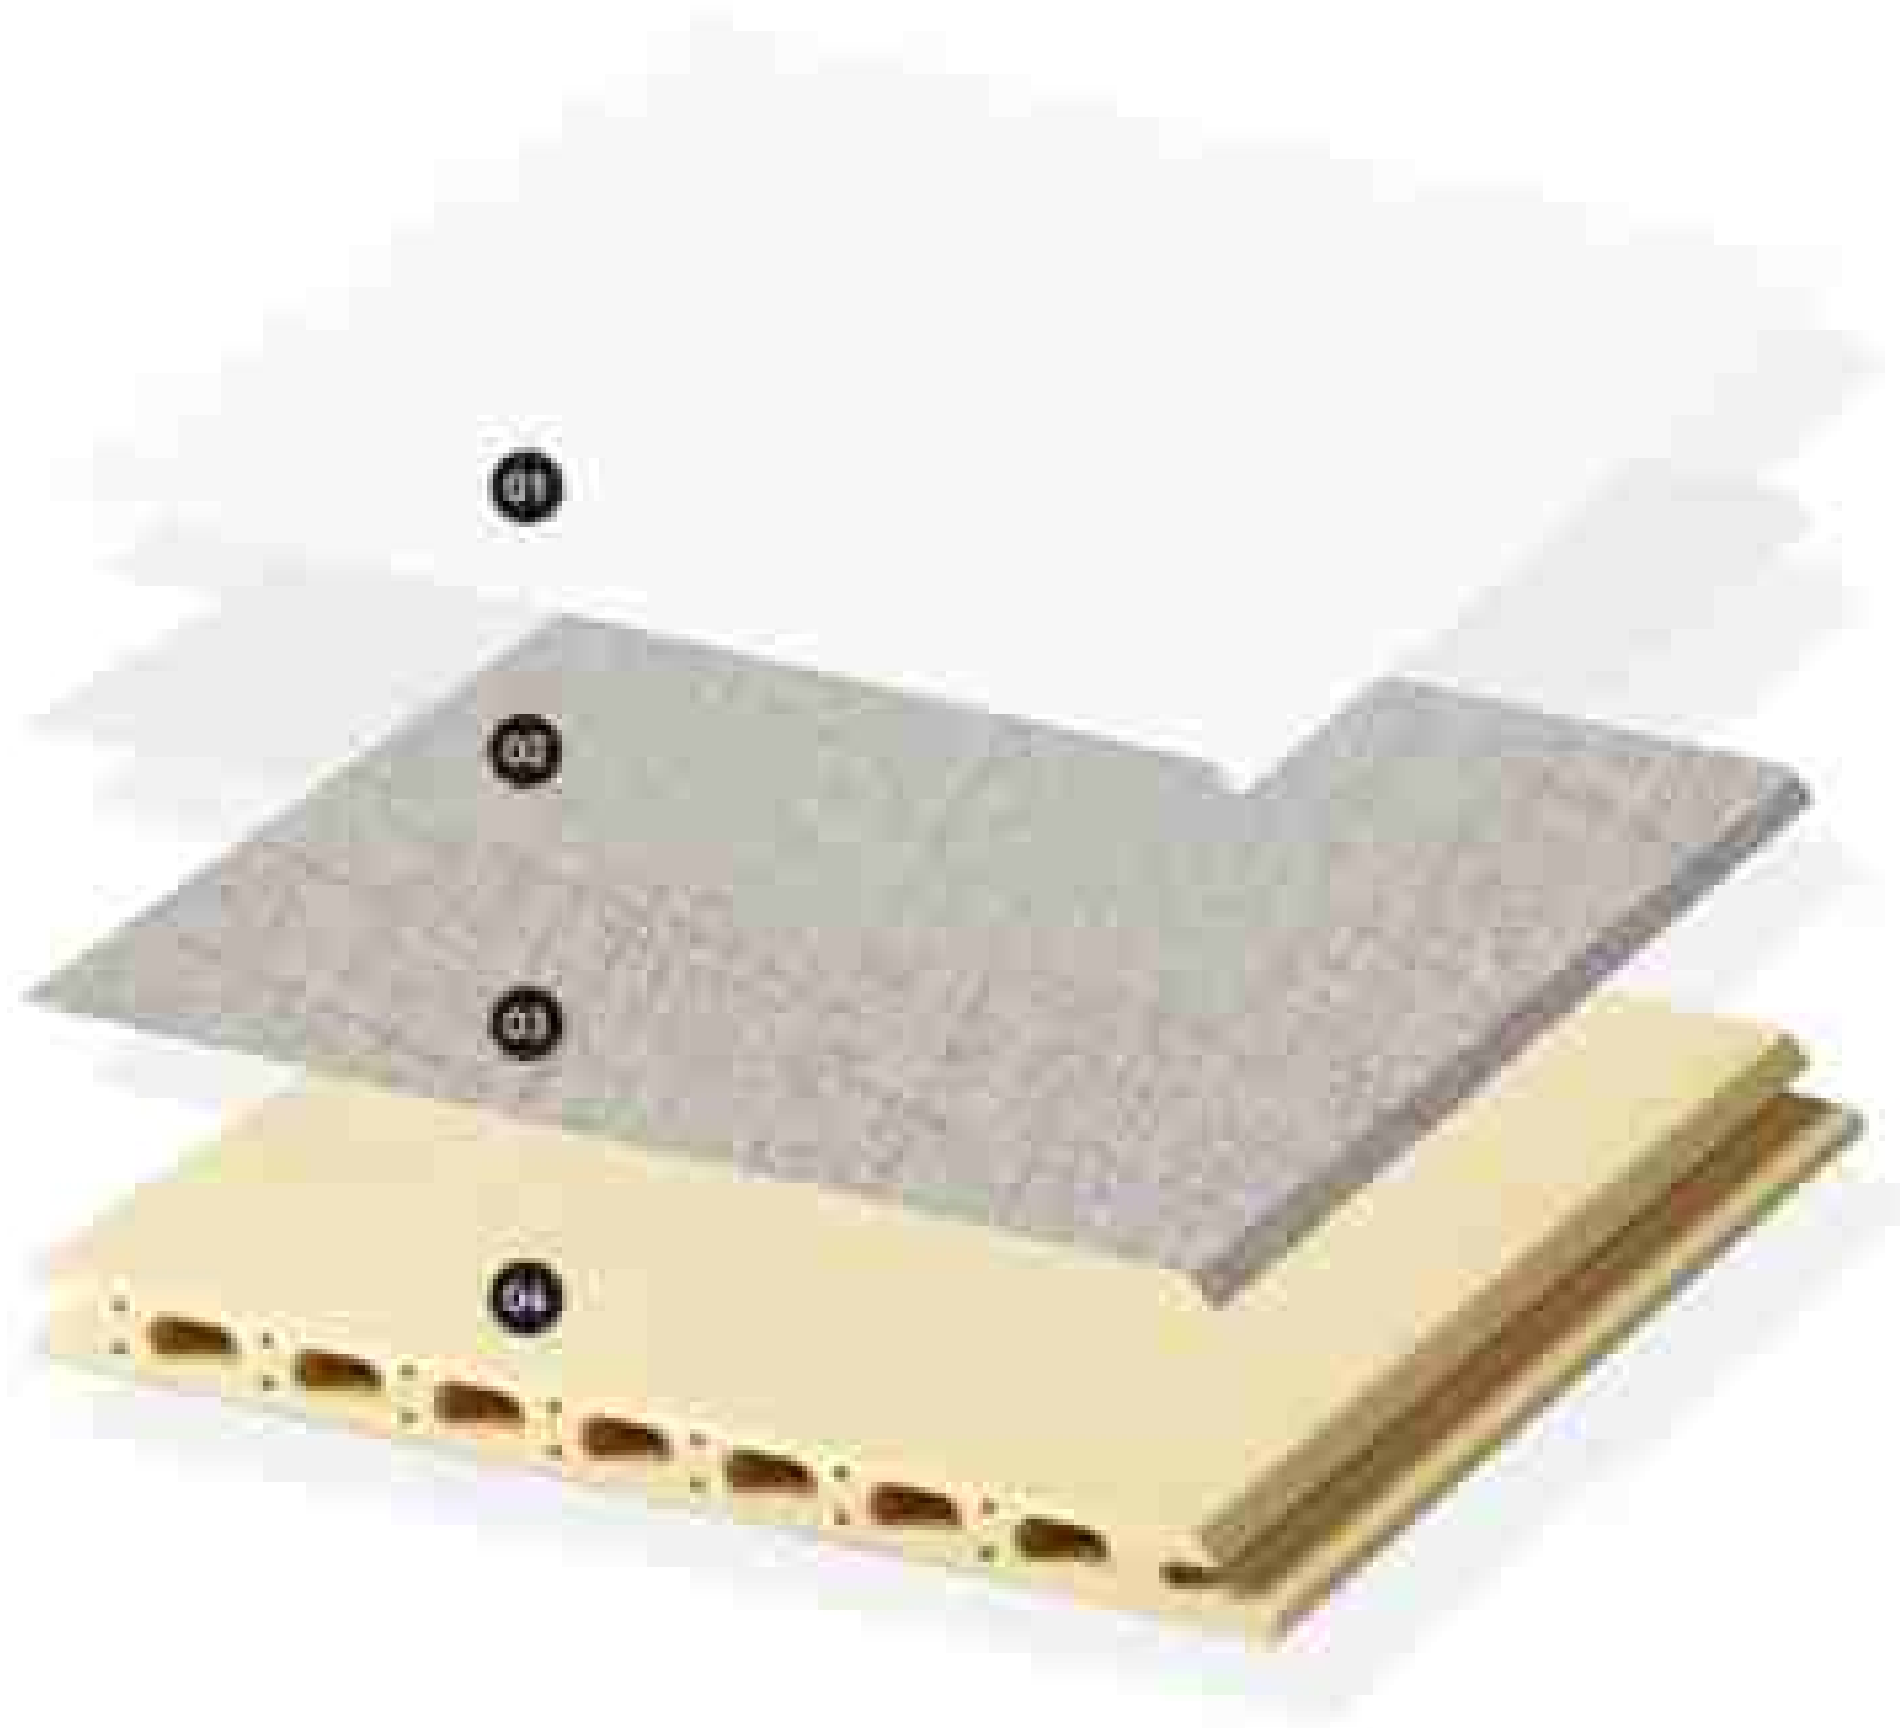

Performance advantage : waterproof; folding bending shaping; crashproof; flame retardant

BAMBOO AND WOOD FIBER BOARD >

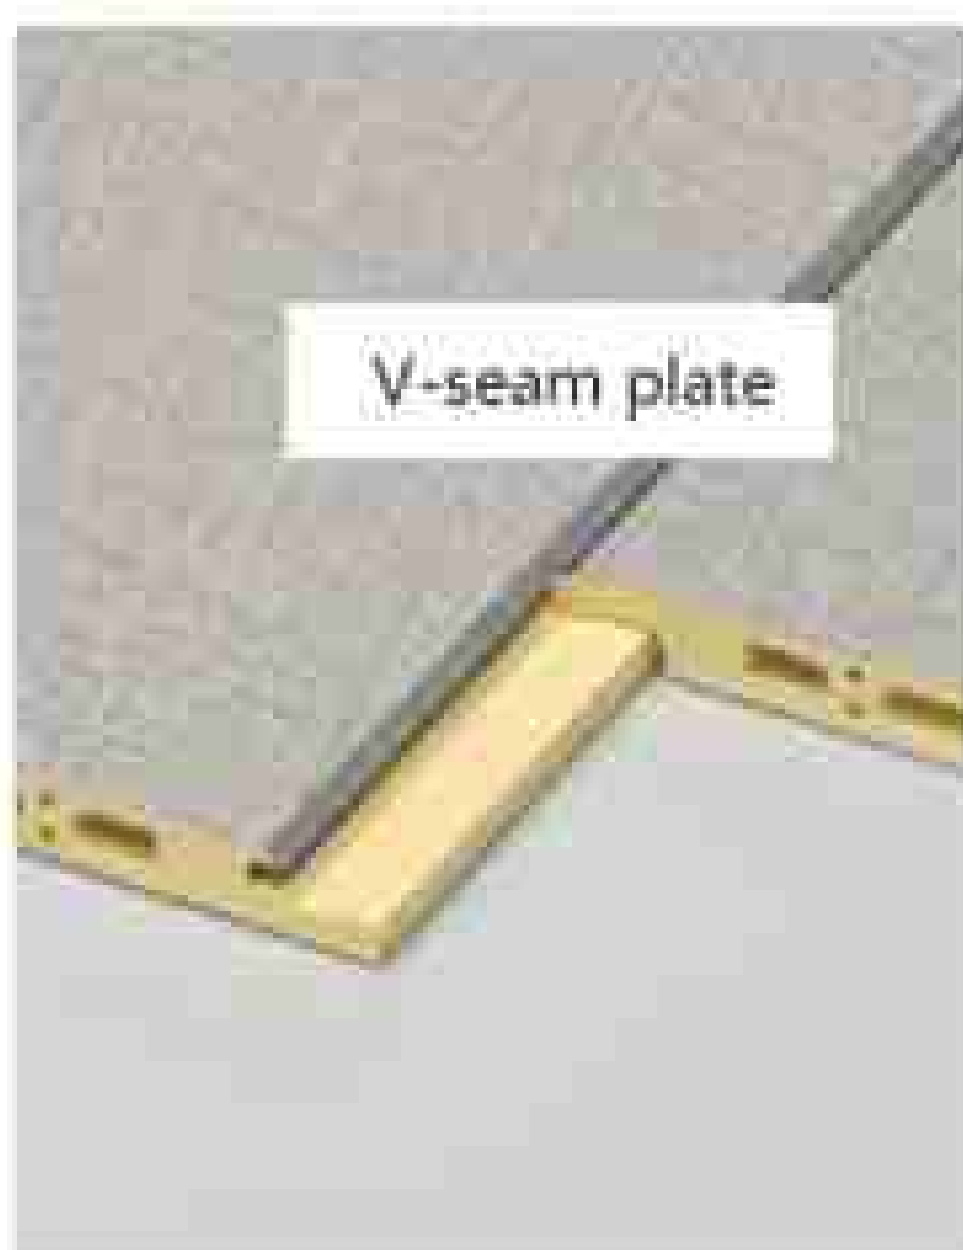

BAMBOO AND WOOD FIBERBOARD

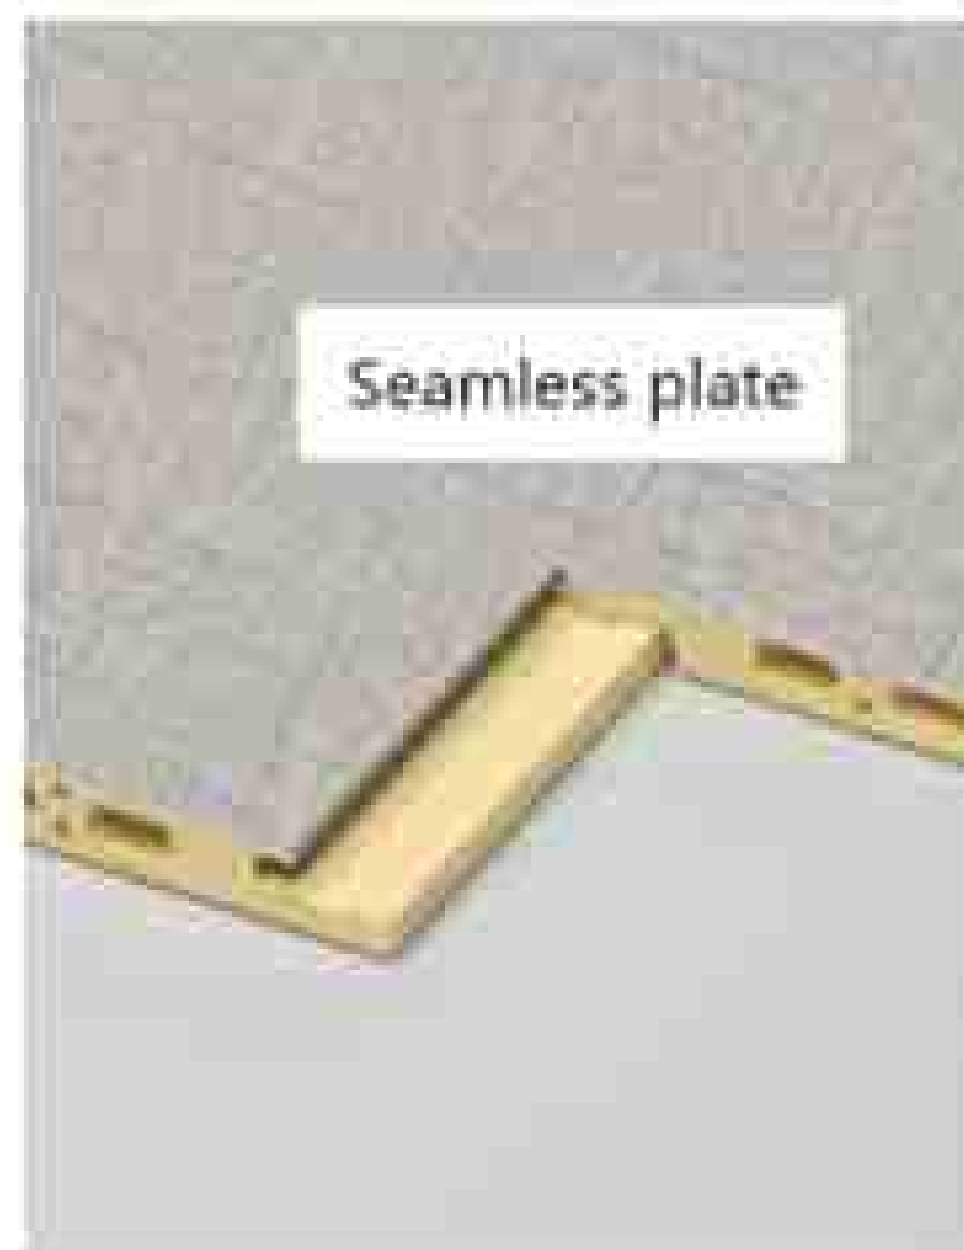

01	Protective film	Protection against wear during transport and installation
02	Dirt-resistant layer	Water-based decorative surface; Stain-resistant surface layer
03	Impact layer	High-strength anti-impact layer 1mm
04	bamboo and wood	Bamboo and wood fiber layer

STRUCTURAL ANALYSIS

V-seam plate

Seamless plate

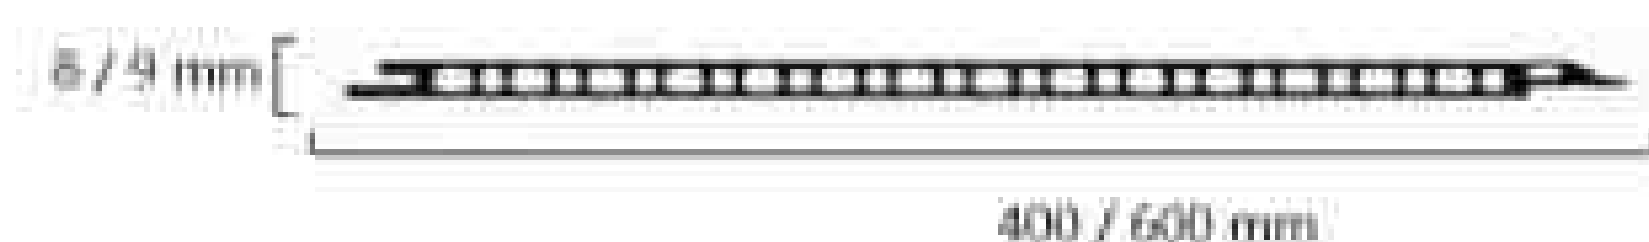

Width : 400 / 600 mm

Length : 2440/2600/2800/3000/6000 mm
(Large quantity can be customized in length)

Burning behavior : B1

Environmental protection grade : E0

Performance advantage : Waterproof, scratch resistant and more

STONE AND PLASTIC COMPOSITE BOARD >

STONE AND PLASTIC COMPOSITE BOARD

01 Protective film | Protection against wear during transport and installation

02 Dirt-resistant layer | Water-based decorative surface; Stain-resistant surface layer

03 Decorative layer | Moisture-proof, eco-friendly, high-definition decorative film middle layer (over a hundred patterns to choose from)

04 Crystalline layer | Natural stone powder high molecular weight crystalline material

STRUCTURAL ANALYSIS

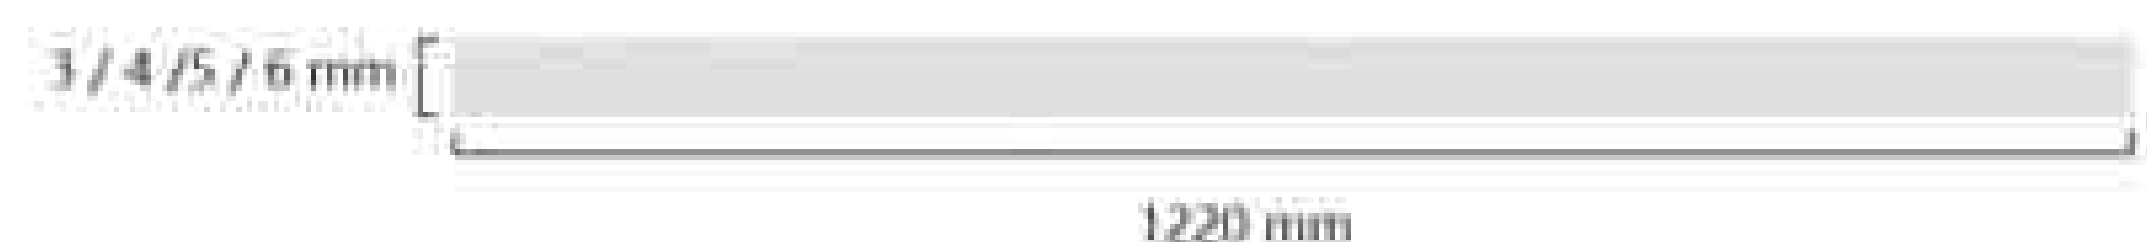

Width : 1220 mm

Length : 2440/2600/2800/3000/6000 mm
(Large quantity can be customized in length)

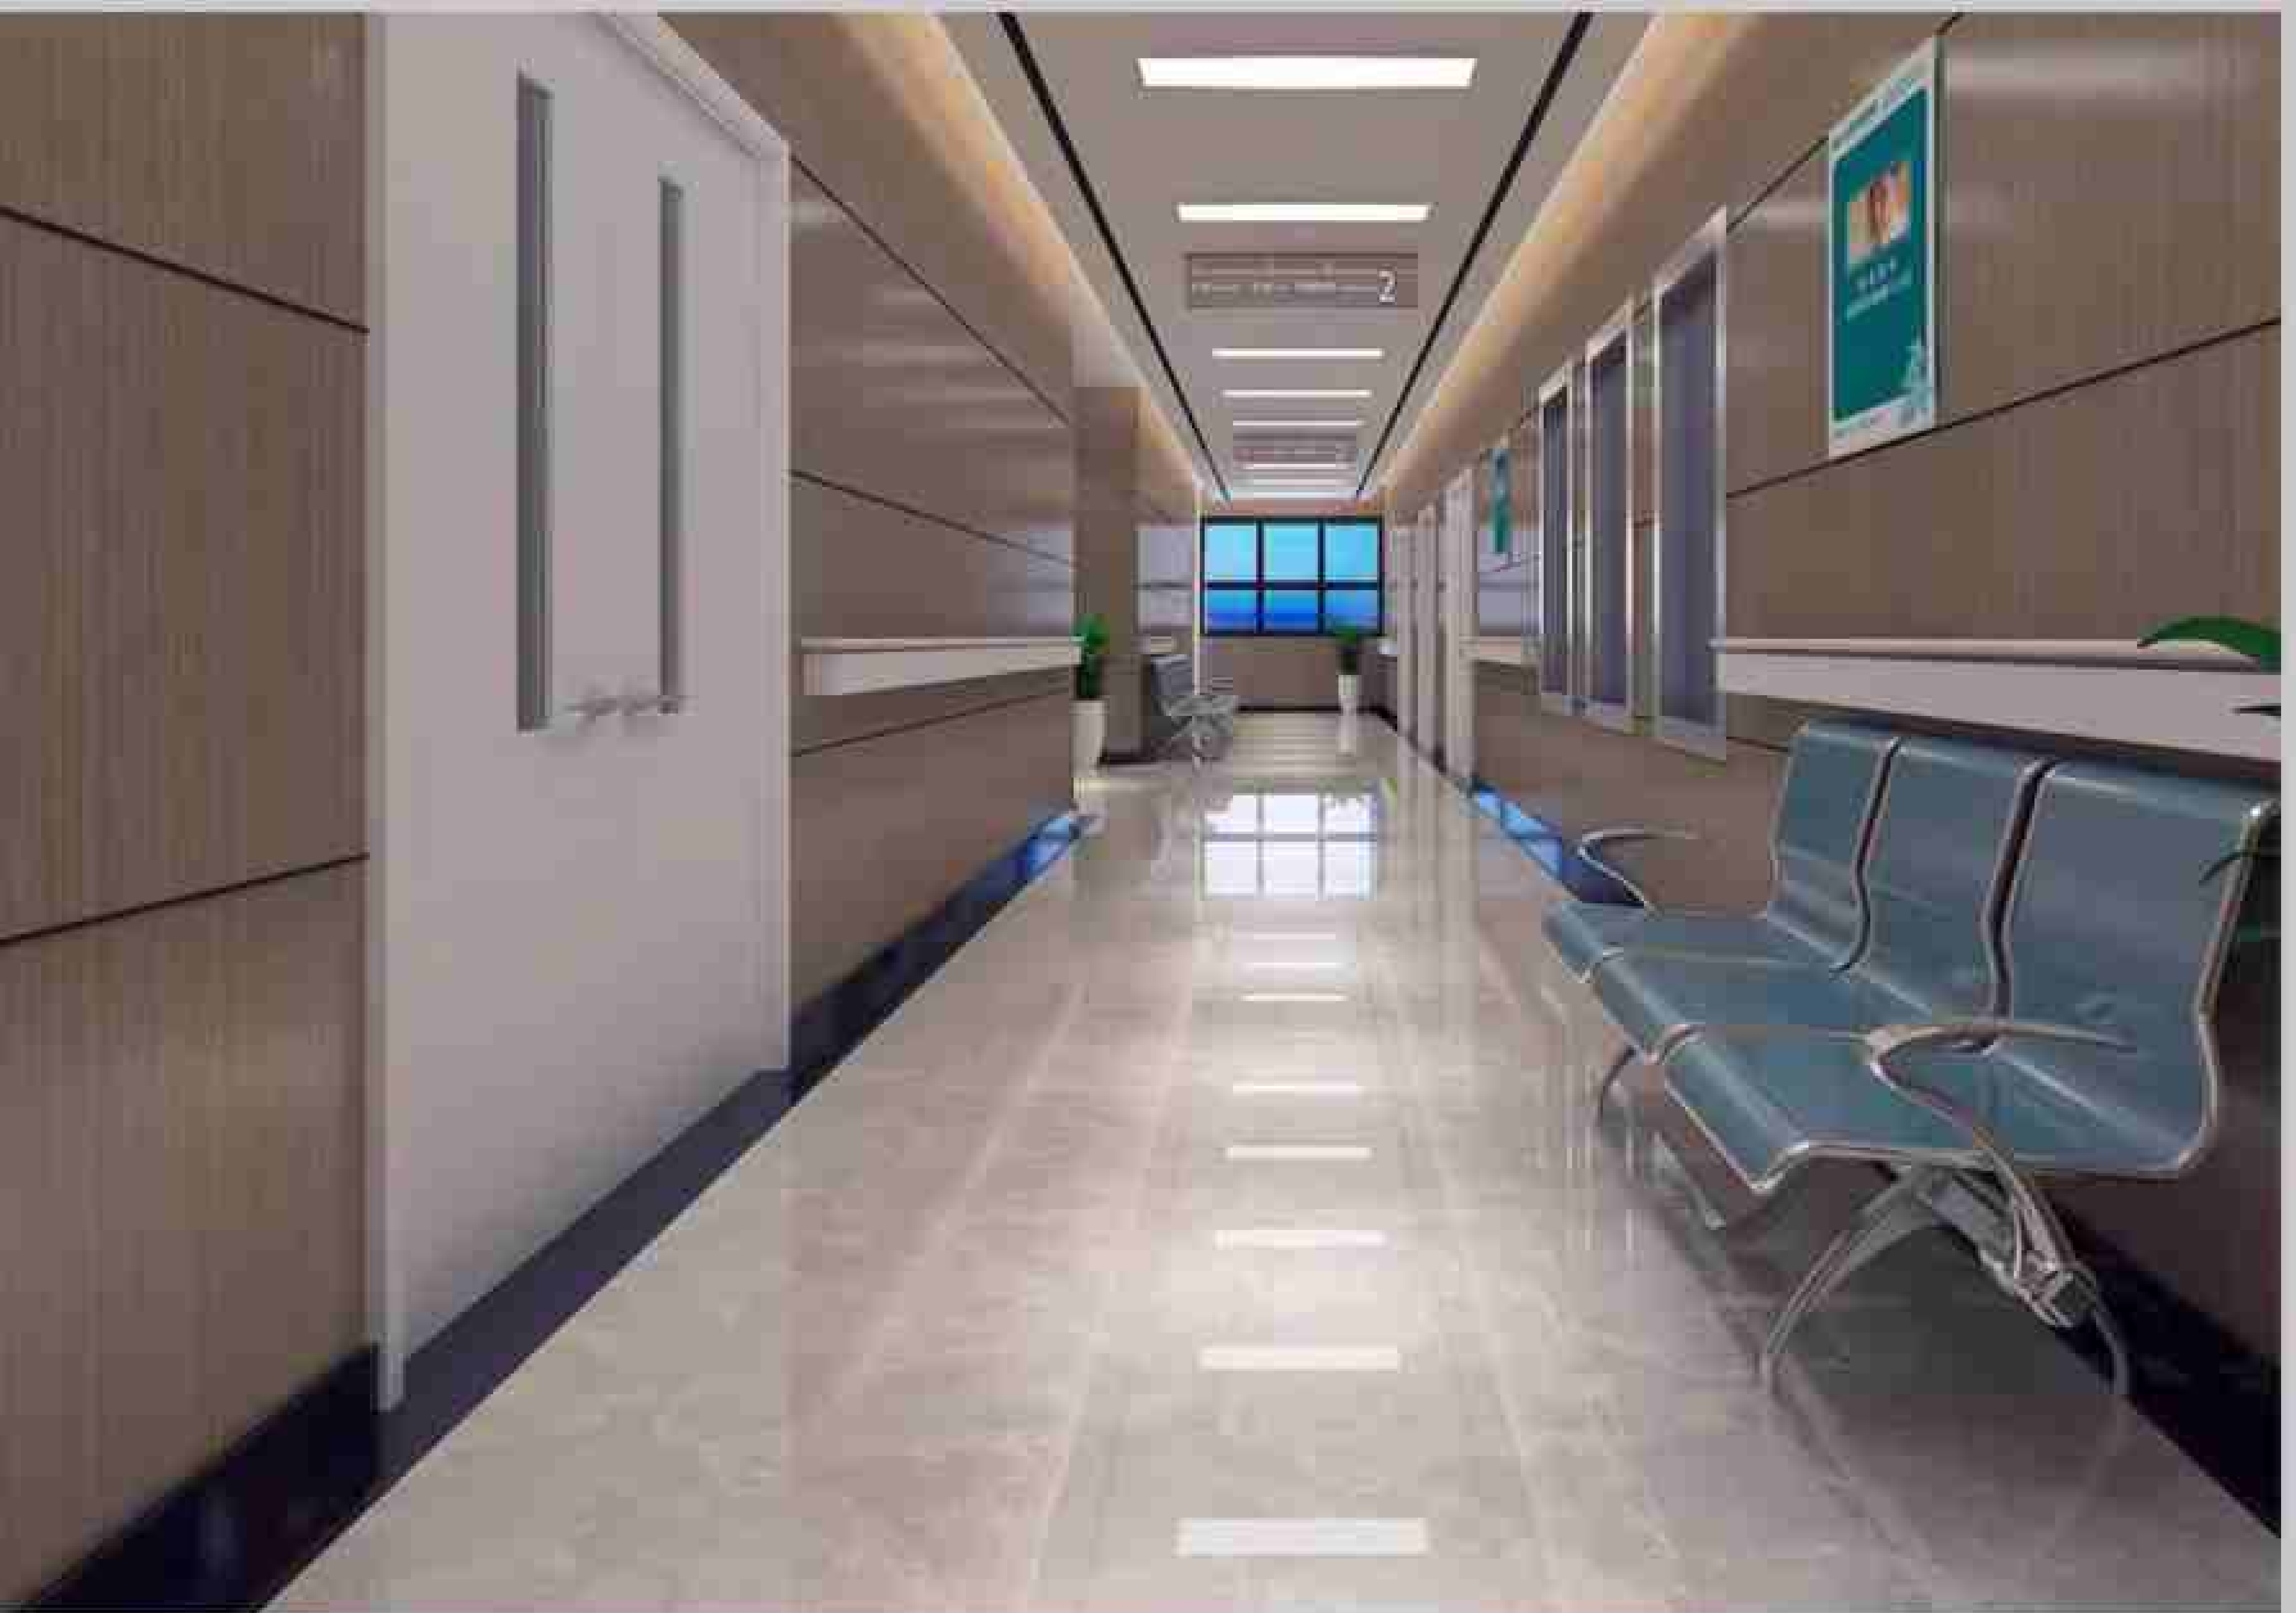

Burning behavior : B1

Environmental protection grade : E0

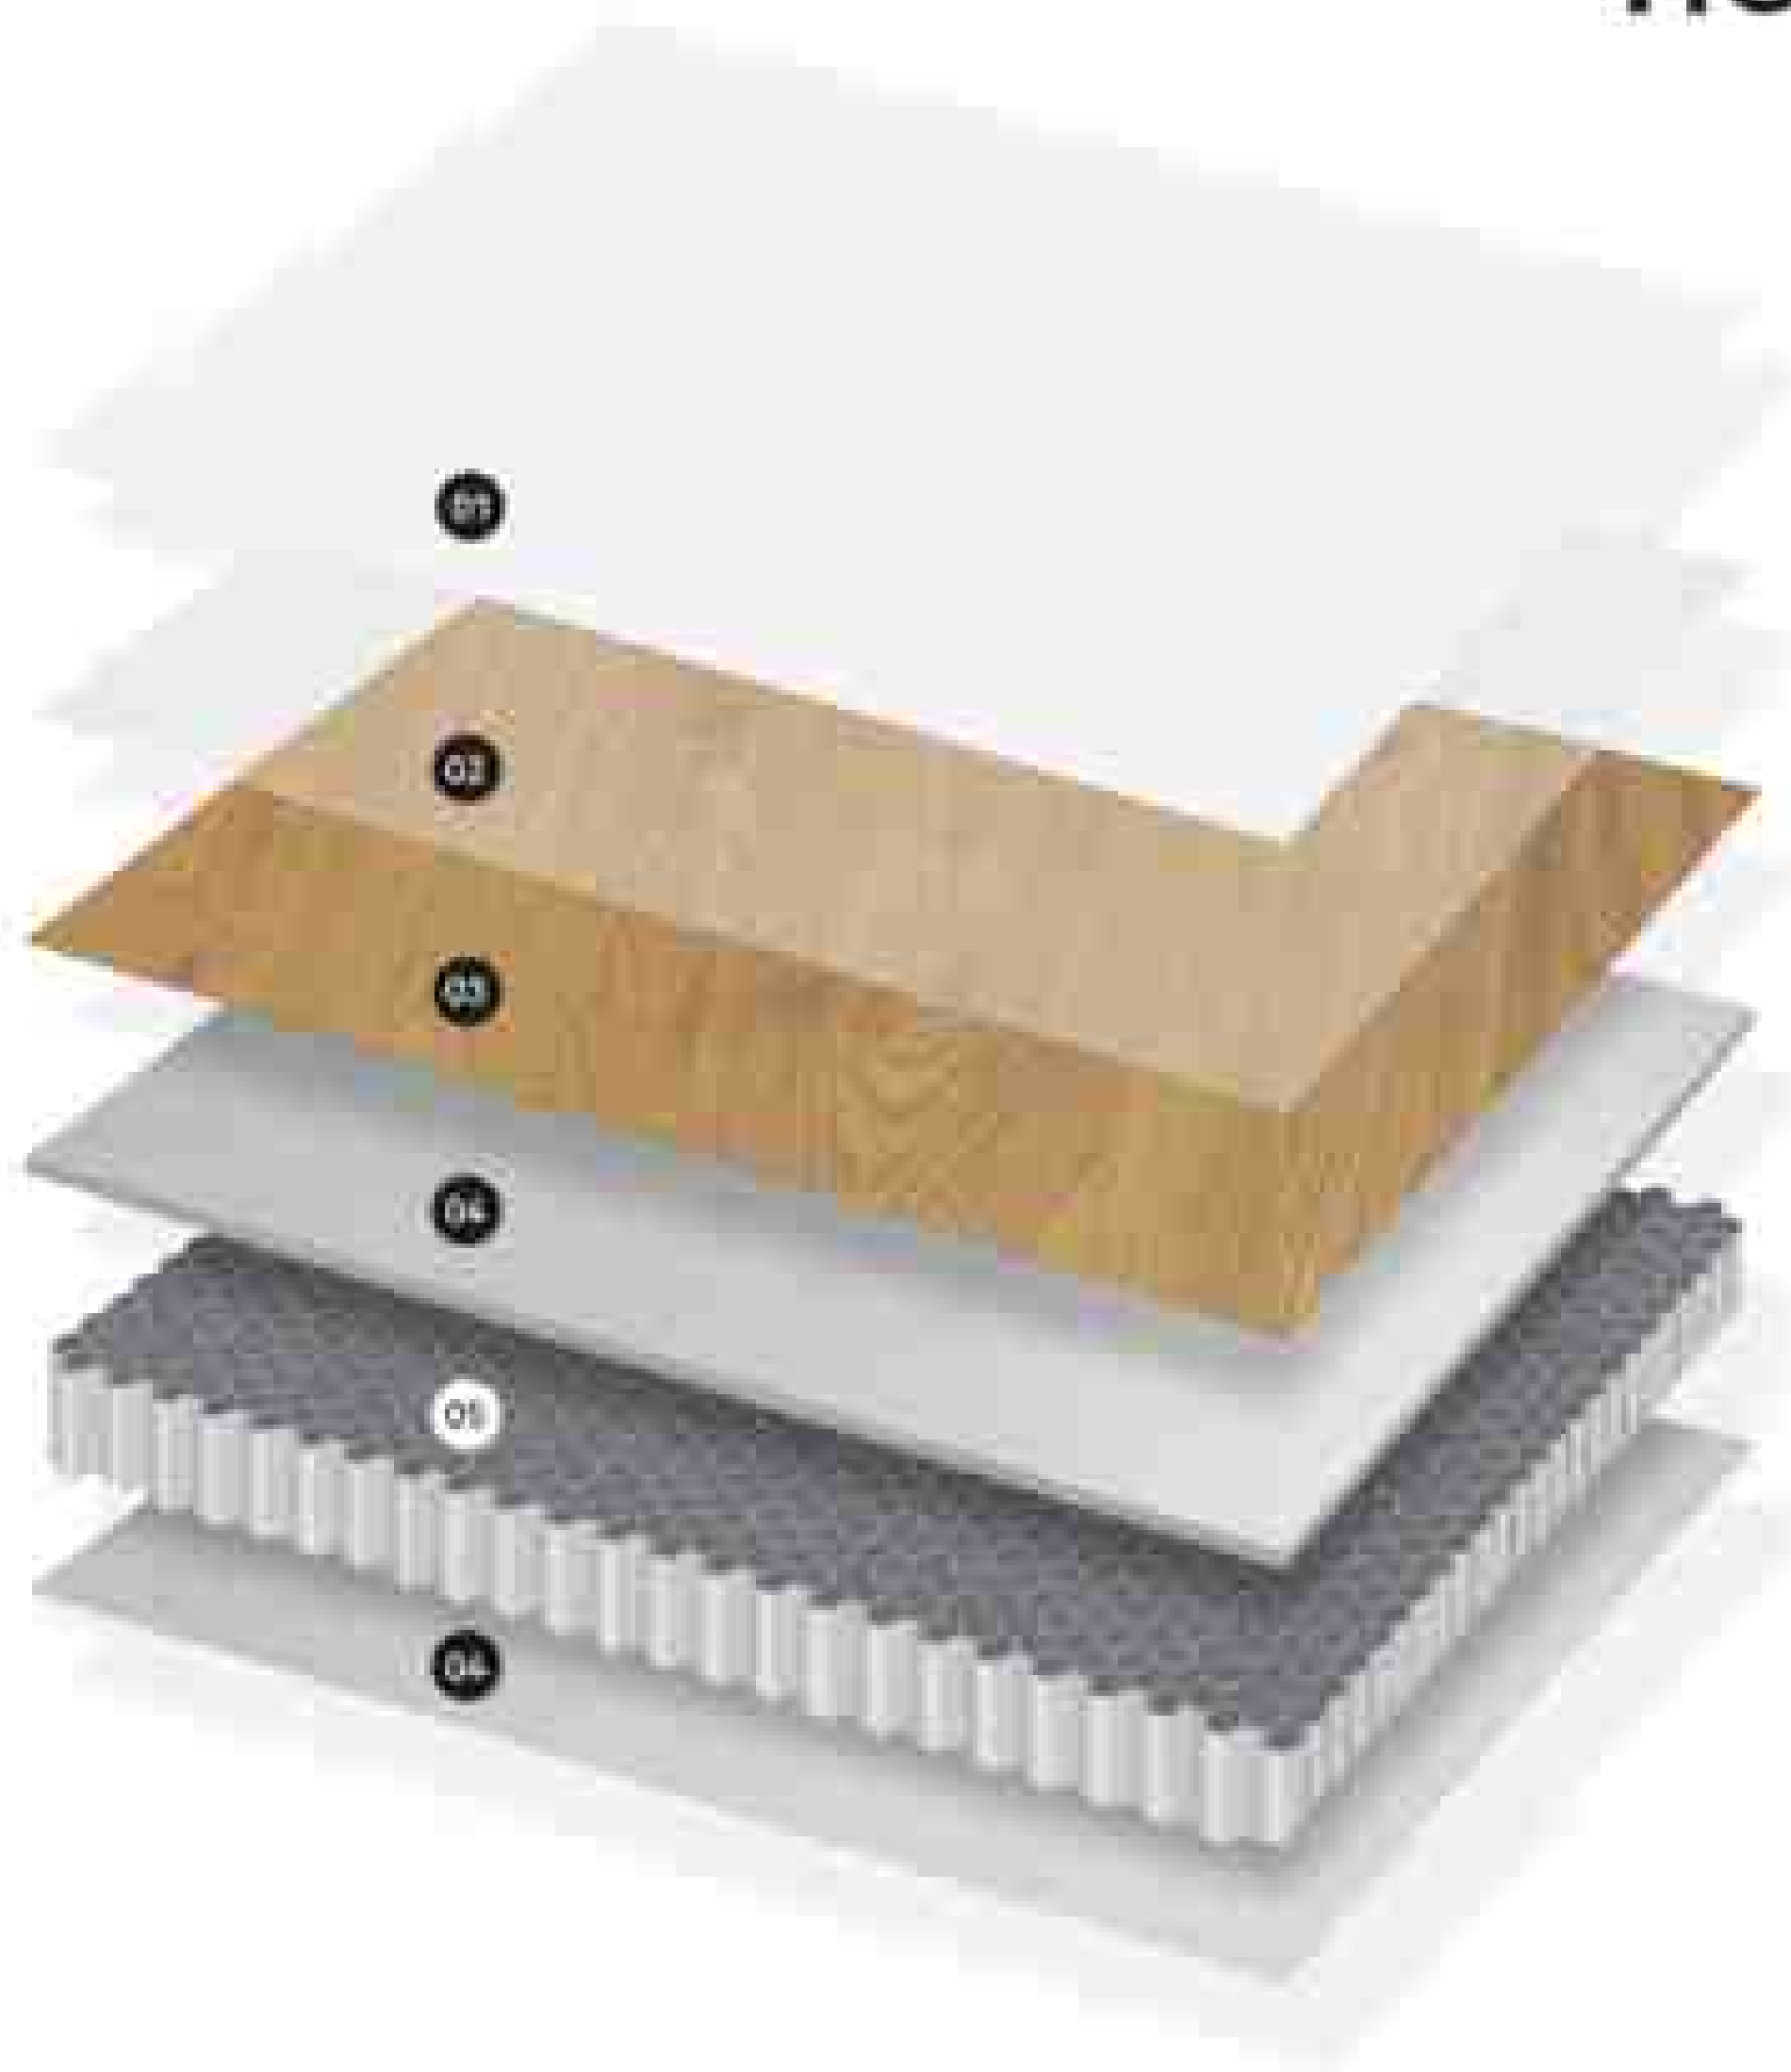

Performance advantage : Waterproof, scratch resistant and more

ALUMINUM HONEYCOMB BOARD >

ALUMINUM HONEYCOMB BOARD

- | | | |
|----|----------------------|---|
| 01 | Protective film | Protection against wear during transport and installation |
| 02 | Dirt-resistant layer | Water-based decorative surface; Stain-resistant surface layer |
| 03 | Decorative layer | Moisture-proof, eco-friendly, high-definition decorative film middle layer (over a hundred patterns to choose from) |
| 04 | Nanometer layer | Ultrahard polymer nanofilm |
| 05 | Aluminum core layer | Aircraft aluminum honeycomb core layer |

Width : 1220 mm

Length : 2440/2600/2800/3000/6000 mm
(Large quantity can be customized in length)

Burning behavior : B1

Environmental protection grade : E0

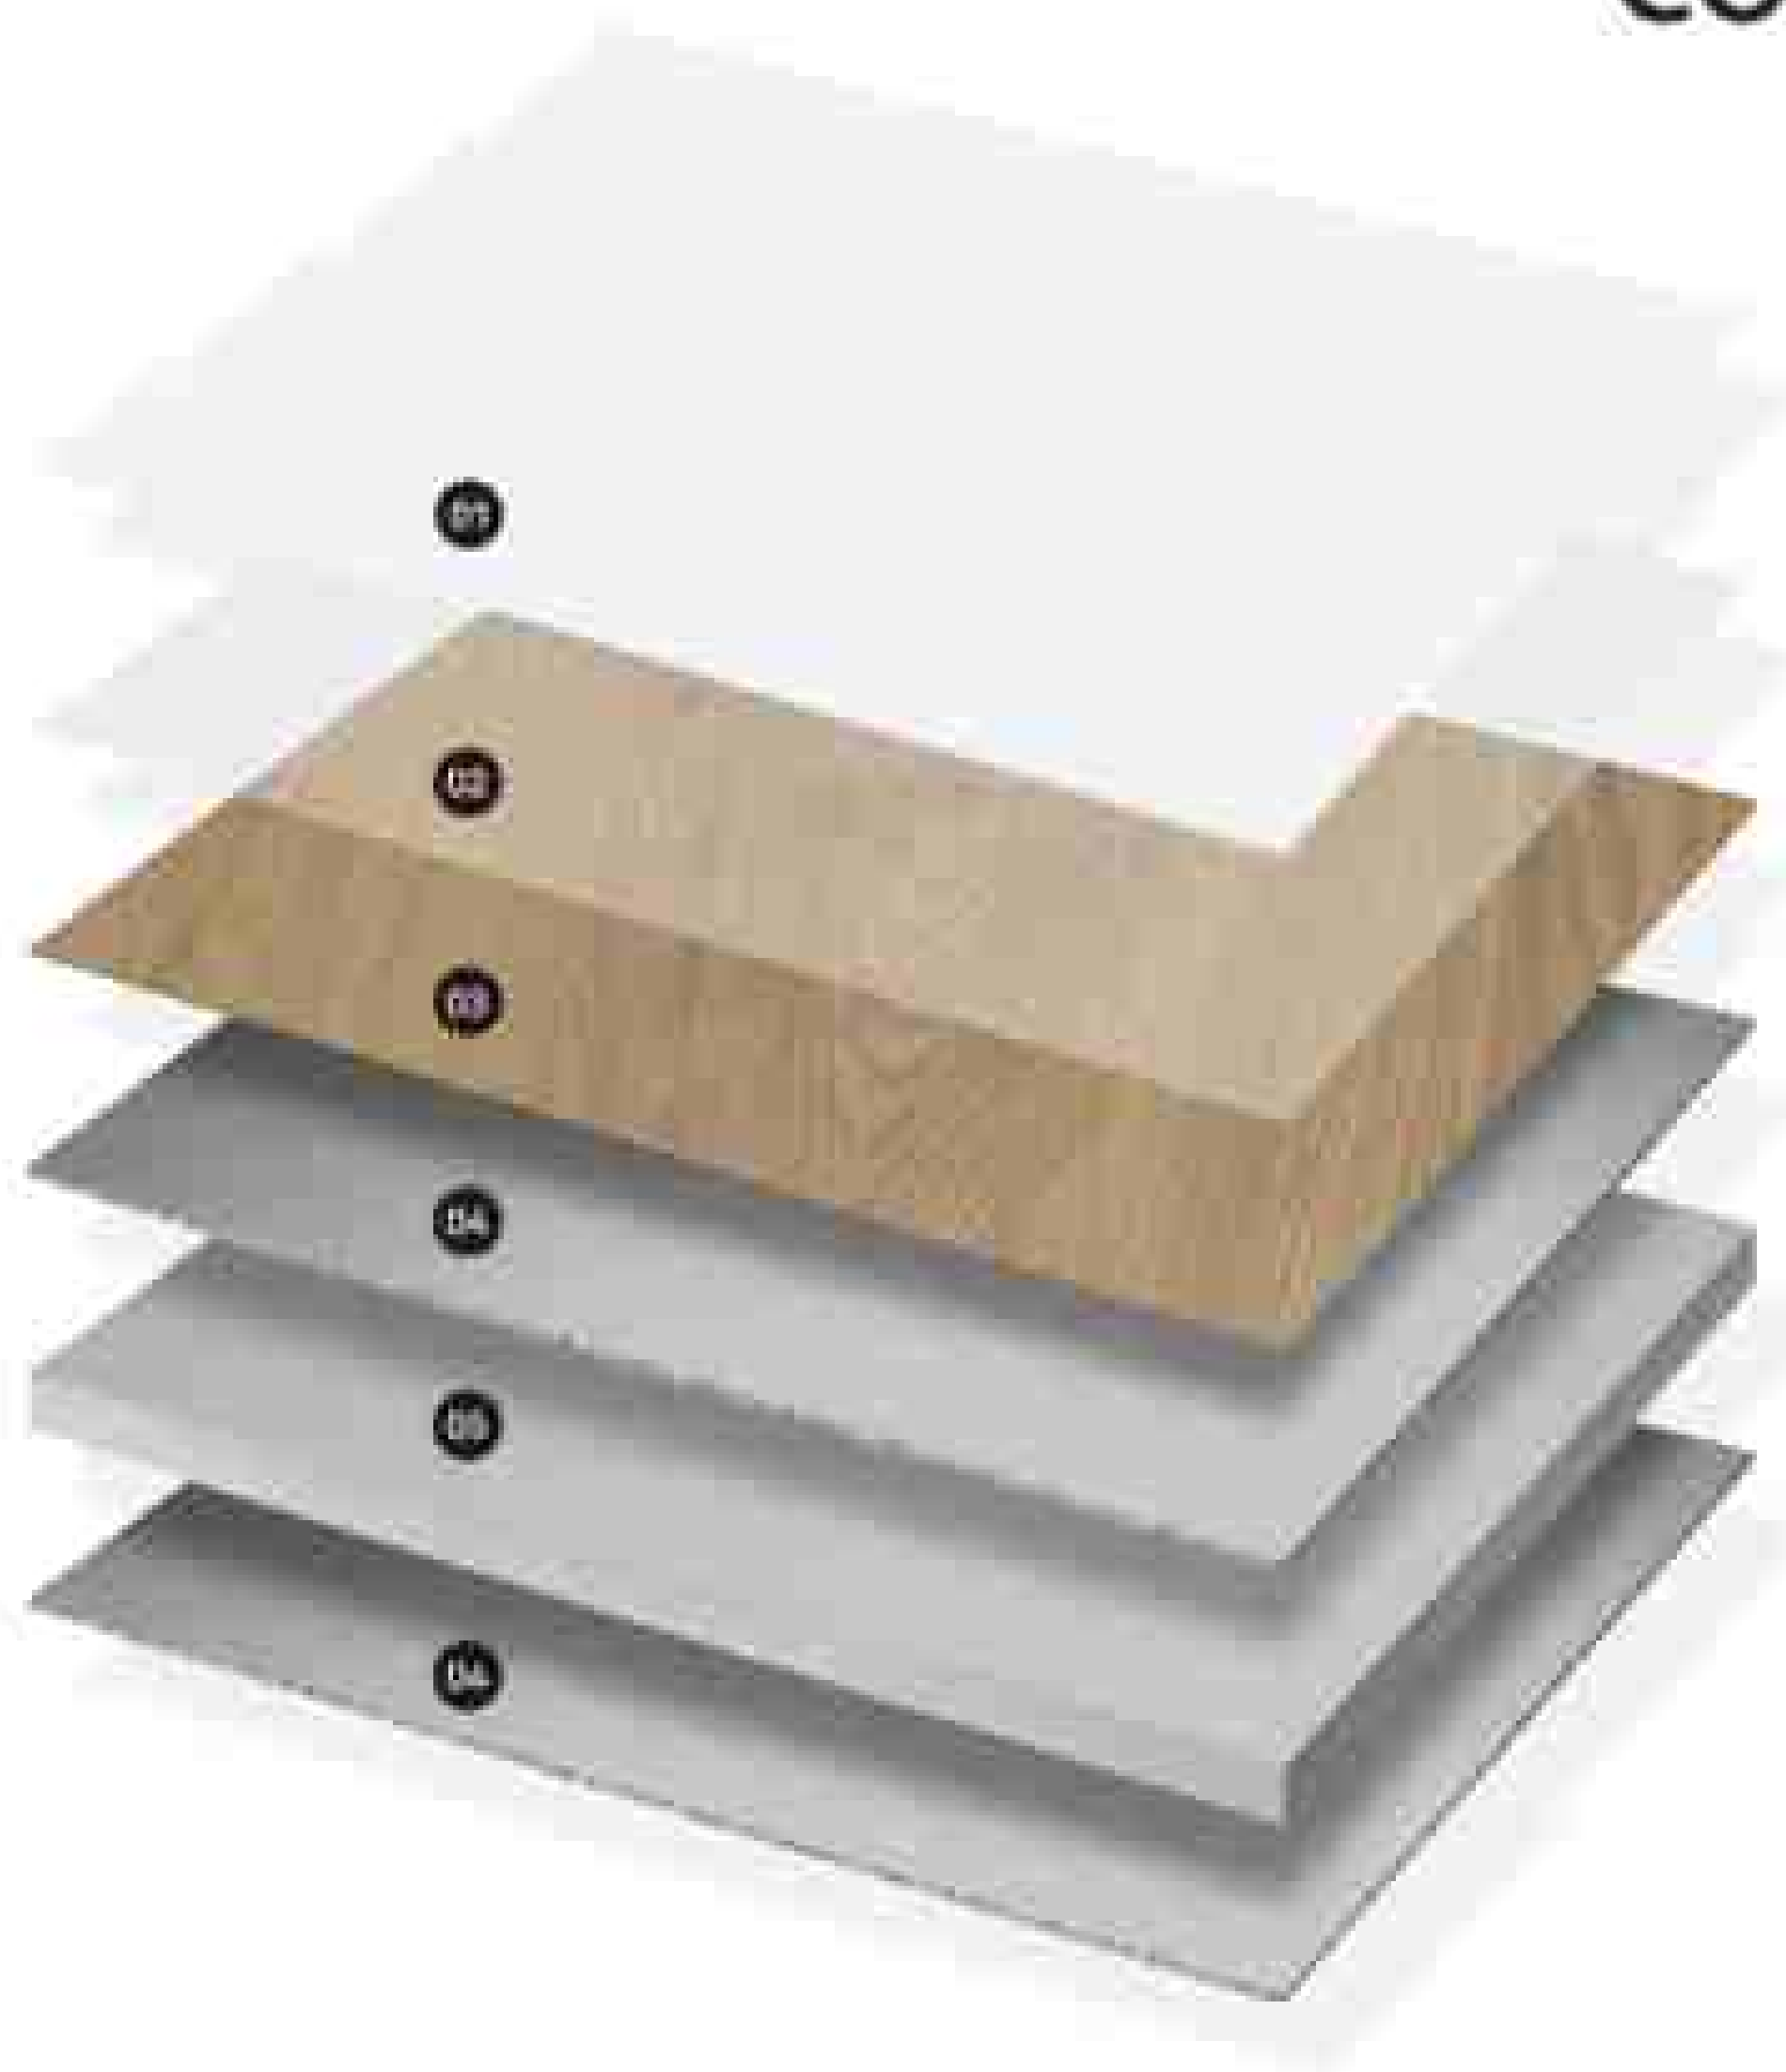

Performance advantage : waterproof; folding bending shaping; crashproof; flame retardant

METAL COMPOSITE PLATE >

METAL COMPOSITE PLATE

01	Protective film	Protection against wear during transport and installation
02	Dirt-resistant layer	Water-based decorative surface; Stain-resistant surface layer
03	Decorative layer	Moisture-proof, eco-friendly, high-definition decorative film middle layer (over a hundred patterns to choose from)
04	Aluminum layer	High-strength aluminum layer 1mm
05	Crystalline layer	Natural stone powder high molecular weight crystalline material

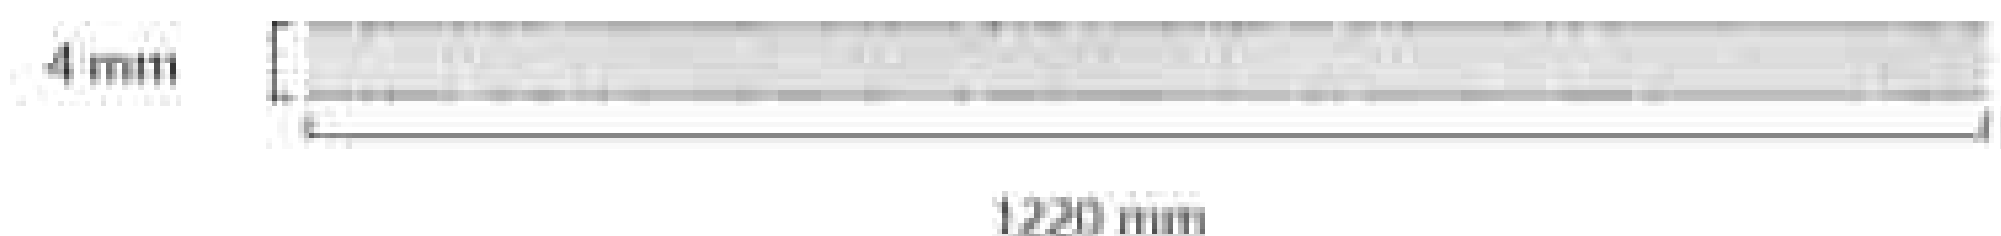

Width : 1220 mm

Length : 2440/2600/2800/3000/6000 mm
(Large quantity can be customized in length)

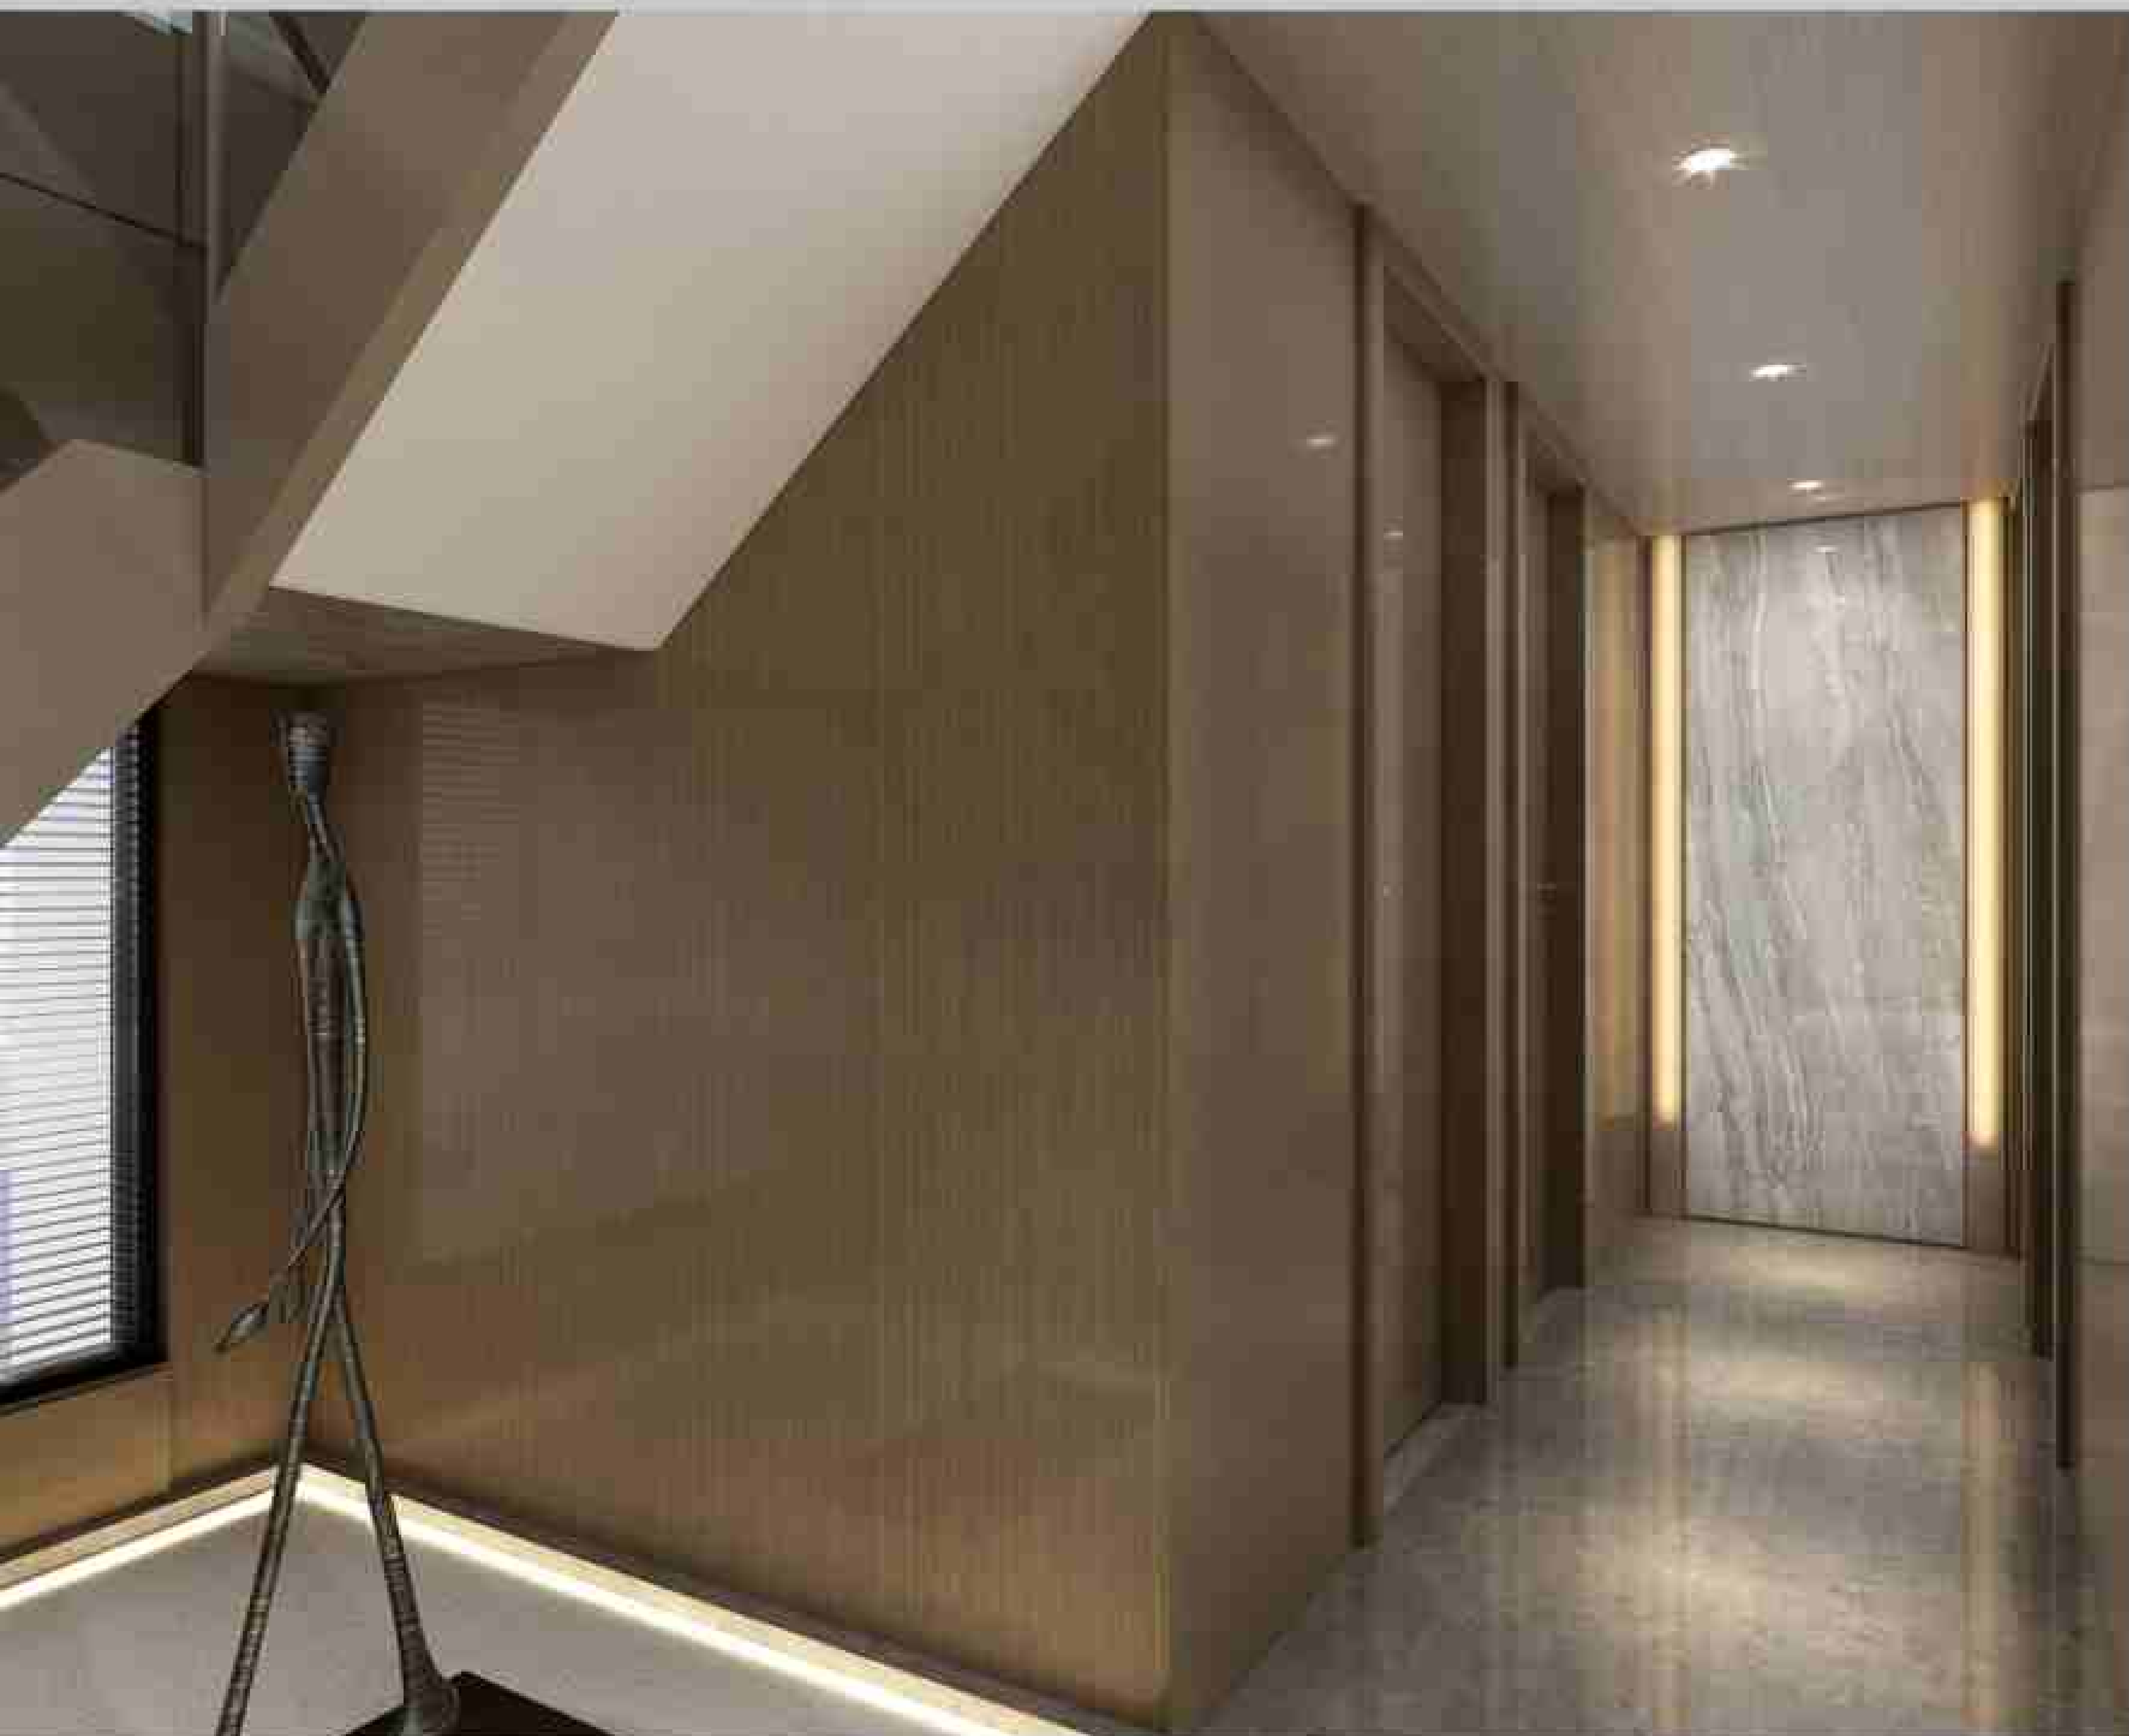

Burning behavior : B1

Environmental protection grade : E0

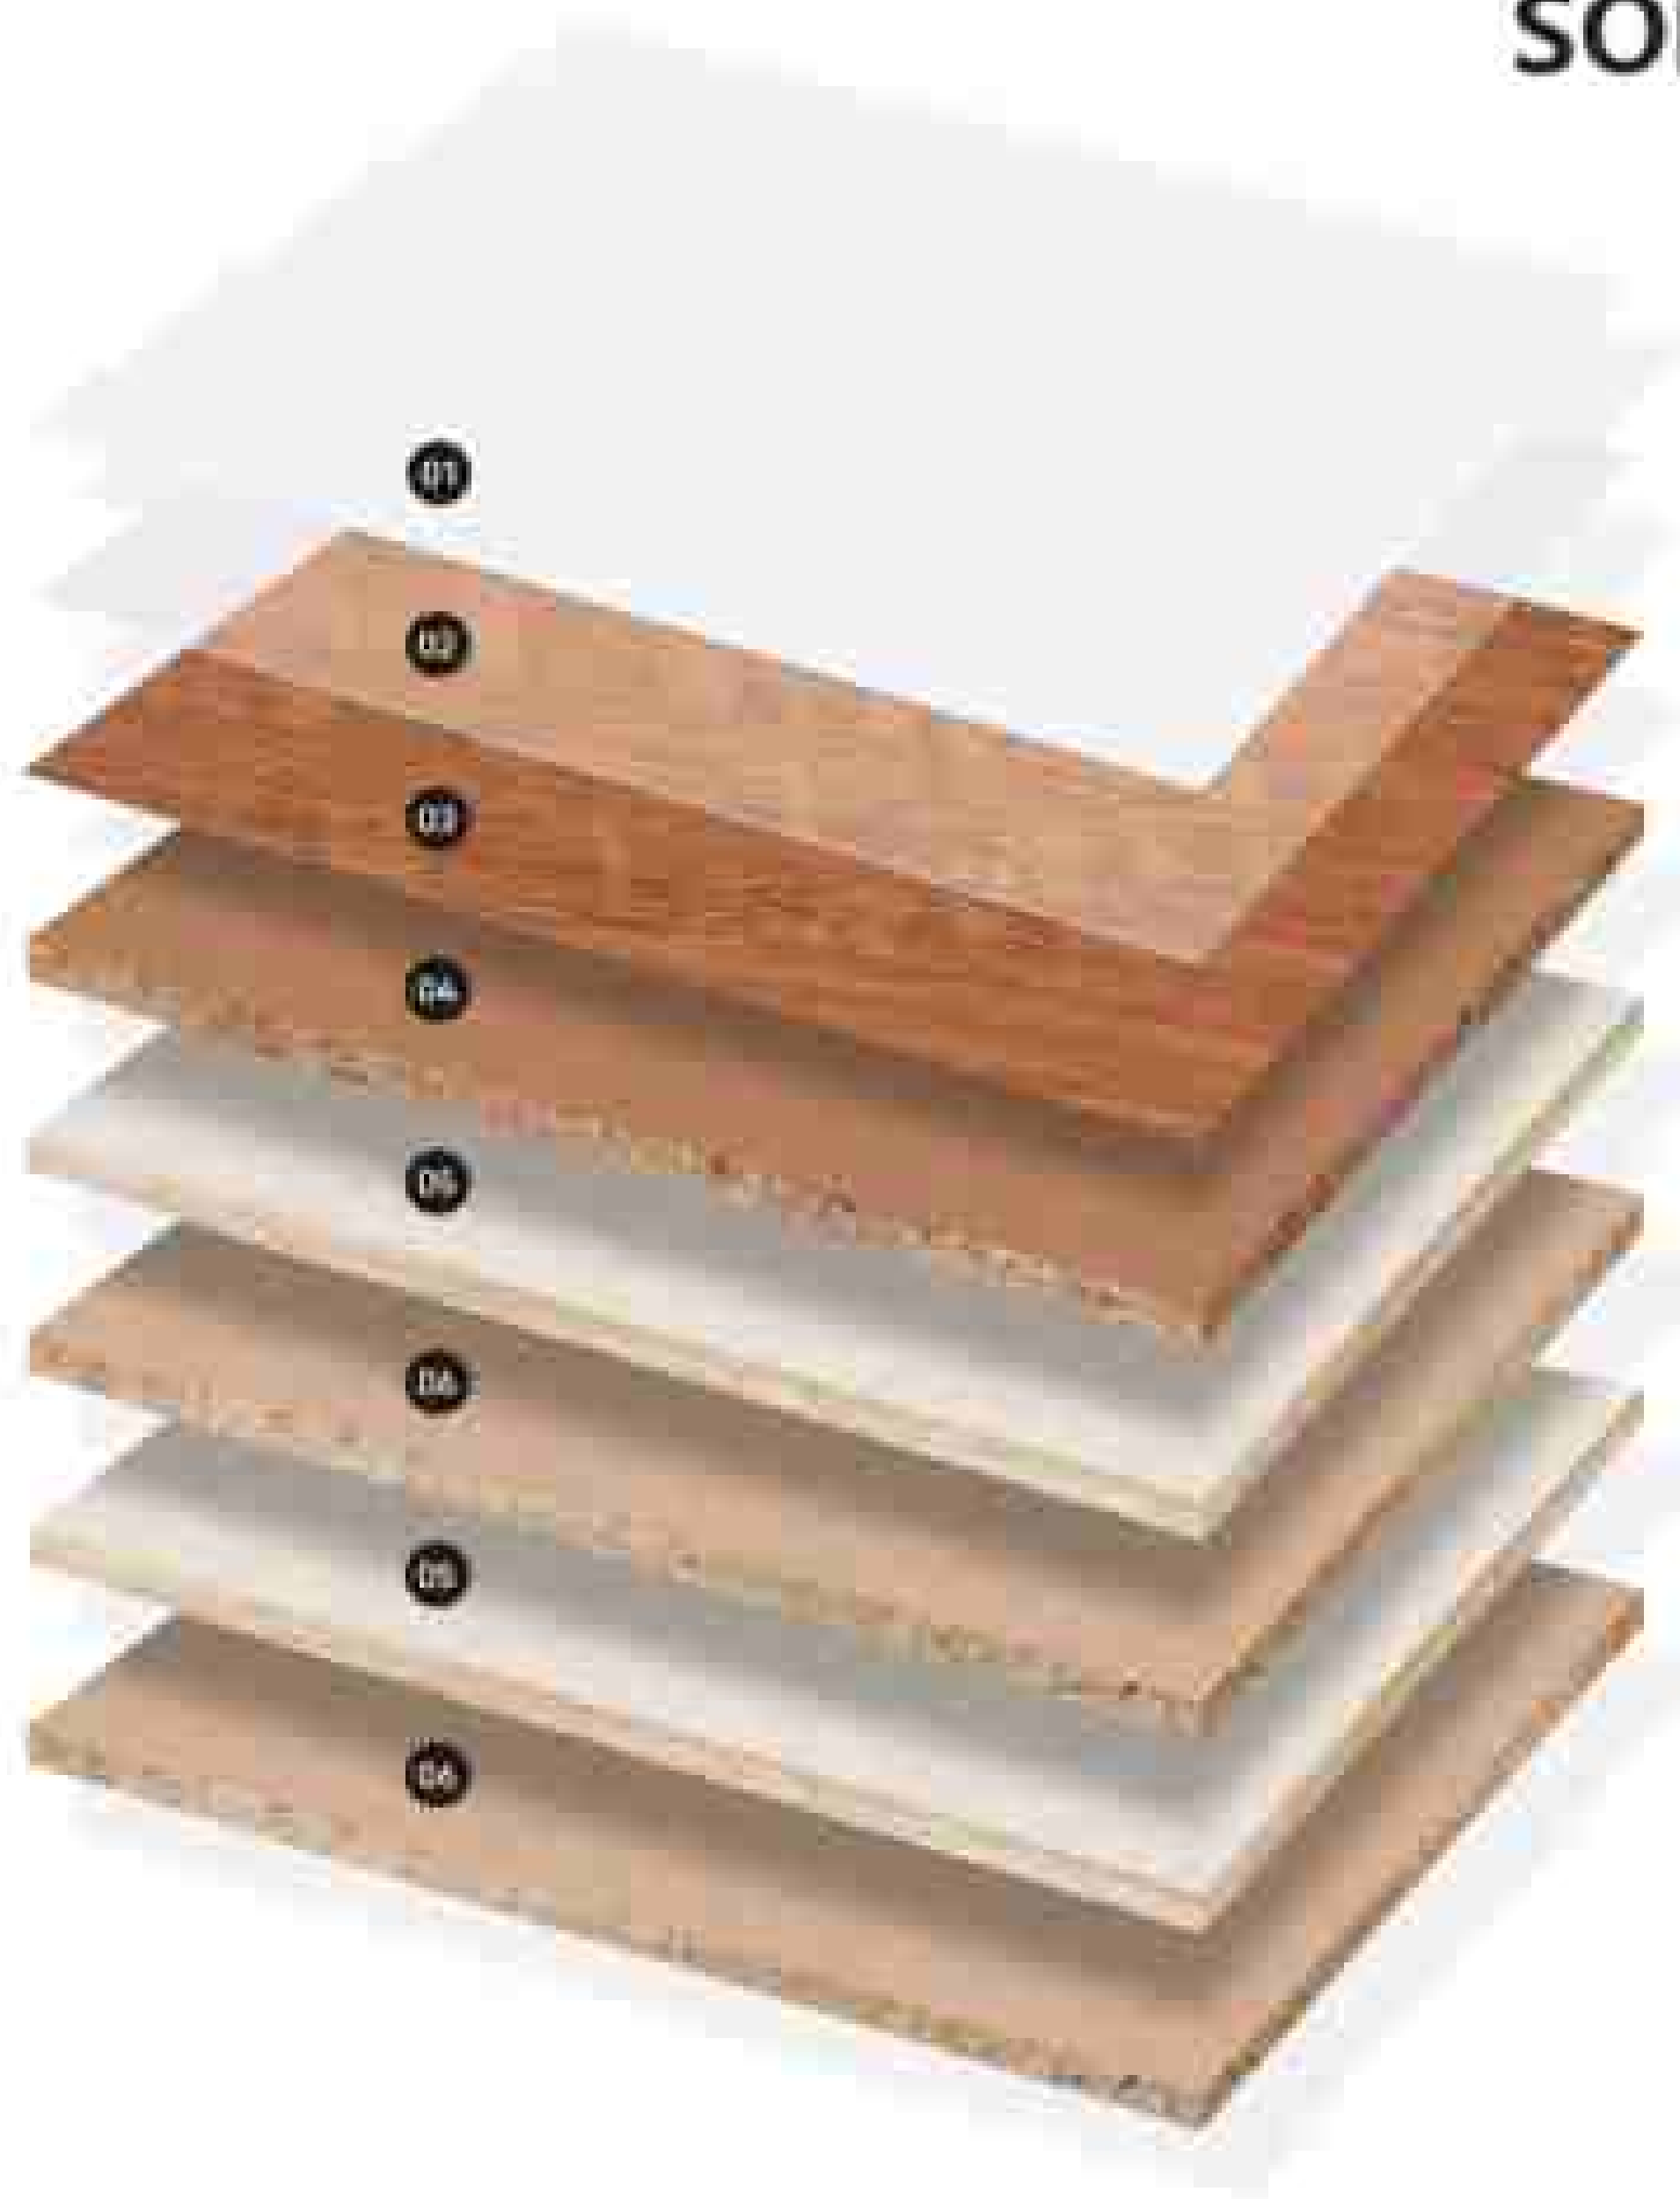

Performance advantage : Waterproof, scratch resistant and more

MULTIPLE SOLID WOOD BOARD >

MULTIPLE LAYER SOLID WOOD BOARD

- 01 Protective film | Protection against wear during transport and installation
- 02 Dirt-resistant layer | Water-based decorative surface; Stain-resistant surface layer
- 03 Decorative layer | Moisture-proof, eco-friendly, high-definition decorative film middle layer (over a hundred patterns to choose from)
- 04 Solid wood layer | Core is 9-11 solid wood board splicing;
- 05 Core layer | Dense and solid to provide more table support

Width : 1220 mm

Length : 2440/2600/2800/3000/6000 mm
(Large quantity can be customized in length)

Burning behavior : B1

Environmental protection grade : E0

Performance advantage : Waterproof, scratch resistant and more

SOFT VENEER STONE ARTISTIC BACKGROUND >

质地轻薄

LIGHT TEXTURE

比重为天然石材的 1/3—1/4，无需额外的墙基支撑
The specific gravity is 1/3-1/4 of natural stone, without additional wall base support

绿色环保

LIGHT TEXTURE

无异味、吸音、防火、无毒、隔热、无污染、无放射性
No odor, sound absorption, fire prevention, non-toxic, heat insulation, no pollution, no radioactivity

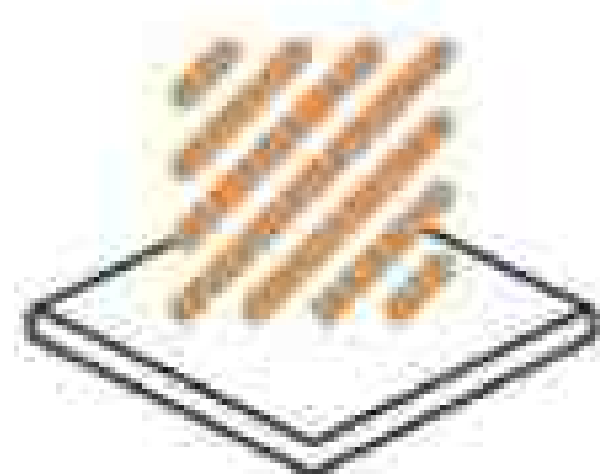

更易清洁

LIGHT TEXTURE

软瓷原料来源于泥土、石粉，物理性质稳定中性，不吸附灰尘，雨水冲刷可自洁如初
Soft porcelain raw materials come from soil, stone powder, stable and neutral physical properties, do not absorb dust, rain wash can be self-clean

MCM, 以黄土、红土、白土、灰土或石粉等无机矿物为原料，经分色，粉碎，喷雾包覆活性基因团后形成的一种新材料。这种由天然无机土壤衍生的新材料配套其系统设备，具有无限的可塑性能，无味，无毒，无辐射，耐老性能可与建筑同寿命。采用 MCM 制成的各种工业品、日用品、建材等，永远可循环再生。

MCM is a new material formed from inorganic minerals such as loess, laterite, clay, lime soil or stone powder, which is separated by color, crushed, and sprayed with active gene clusters. This new material derived from natural inorganic soil supporting its system equipment has unlimited plasticity, tasteless, non-toxic, non-radiation, and aging resistance can be the same life as the building.

纹理丰富 LIGHT TEXTURE

软瓷可选品种众多：木纹、石材、编制、劈开砖等应有尽有非常丰富

There are many kinds of soft porcelain to choose from: wood grain, stone, weaving, splitting bricks and so on

经久耐用 LIGHT TEXTURE

不褪色、耐腐蚀、耐风化、强度高、抗冻

No fading, corrosion resistance, weathering resistance, high strength, frost resistance
