INTERIOR DECORATIVE WPC WALL PANEL SERIES		
Product Name	WPC Fluted Wall Panel	
Decorative film	classic wood/fabric/skin/stone grain	
Size	Width	Different styles are different, as shown in the following picture
	Length	2440/2600/2800/3000mm/customized
	thick	Different styles are different, as shown in the following picture
Density	1.2	
Materials	PVC powder, bamboo wood powder, calcium carbonate powder, flame retardant and others.	
Laminating process	Adopting imported PUR hot laminating process, environmentally friendly	
Eco friendly grade	ENF	
Fireproof grade	B1	
Certificates	CE / SGS / IAF / CNAS / ISO9001	
Features & Advantages	1 - Wide applications: suitable for all indoor walls and ceilings. 2 - Really eco-friendly Adopting imported PUR hot laminating process, environmentally friendly ENF grade 3 - Diversity of surface decoration materials such as wood grain, cloth grain, skin feeling, matte marble grain, etc. 4 - Easy installation Installation similar to building blocks, fast and convenient;
